PRINCIPAL'S WELCOME MESSAGE

Welcome to Archbishop Mihayo University College of Tabora (AMUCTA), a Constituent College of St Augustine University of Tanzania (SAUT). AMUCTA is a remarkable higher learning institution where hunger for knowledge, drive for excellence and concern for making a difference in the community and in the world at large are our focus.

From the beginning, AMUCTA has maintained the intention for its launching which is in line with the goal of the Catholic Bishops of Tanzania to ensure that we have a training that would impart academic and professional skills and infuse values of holistic development of a person and respect for human dignity. In recognition of this vision, AMUCTA continues to uphold the SAUT motto of *"Building the City of God"* and cherish our own motto *"Seeking Wisdom in Truth."*

AMUCTA continues to grow with a clearly articulated vision and plan for the role of teaching/learning, research and consultancy, measurable progress in increasing the diversity of its programmes and greater engagement with its neighbouring community. It has recruited a pool of qualified academic and administrative staff from within and outside the country. The University College is committed to enriching our students and staff academically and socially. This includes the provision of conducive learning environment that makes the students appreciate the University as an exciting higher learning institution. Join AMUCTA family to enjoy different programmes currently offered, which are: *Bachelor of Arts with Education* (BAED), *Bachelor of Education in Special Needs* (BEDSN), *Bachelor of Business Administration* (BBA), *Diploma in Early Childhood Development with Special Needs Education* (DECSNE), and *Certificate in Early Childhood Development with Special Needs Education* (CECSNE).

At the beginning of this new academic year, 2022/2023, I am more certain than ever of the educational quality and distinctiveness that AMUCTA envisages to offer. To the academic and administrative staff, I offer my thanks for your cooperation and personal contribution in making AMUCTA the best institution conducive for learning.

What a grace it is for me to share this work with you and for all of us to be a part of the AMUCTA family! To our continuing and prospective students, I wish you success in your studies and with all that a new academic year and university life entails. In whatever you do while being our student, always remember our motto, *Seeking Wisdom in Truth (Indagare Sapientiam in Veritate).*
May God's blessings be with you and with AMUCTA.

1. GENERAL INFORMATION

1.1 Background

Archbishop Mihayo University College of Tabora (AMUCTA), a Constituent College of St Augustine University of Tanzania (SAUT), was officially opened on 5th November 2010 after obtaining a Certificate of Provisional Registration (CPR) by Tanzania Commission for Universities (TCU) on November 3rd 2010, and accreditation on 26th January 2021. The intention of launching the university college was in line with the goal of the Catholic Bishops of Tanzania to ensure that we have a training that would impart academic and professional skills and infuse values of civic and social learning to our students. In implementing its envisioned ideal, SAUT found it important to establish this university college for the purpose of shedding light and contributing to higher education. This takes cognizance of the national development vision 2025, which mainly focuses on high quality of life, peace, stability and unity, good governance, a well-educated and learning society, a competitive economy capable of producing sustainable growth and shared benefits.

The rationale of establishing AMUCTA in Tabora Region was to maintain the vision of the Catholic Church of Tanzania to bring higher education services close to the people, as it has been its tradition globally, regionally, and locally. In this view, Tabora was one of the targets; hence, AMUCTA was established. The main emphasis in curriculum orientation for this university college include secular education and training programmes, research relevant to the national research agenda, consultancy, and community services.

1.2 Location

The Archbishop Mihayo University College of Tabora (AMUCTA) is located at the Institute for the Deaf (Viziwi Tabora) along Lumumba Street in Tabora Municipality.

1.3 AMUCTA Vision

To be a highly regarded institution in offering accessible, equitable and harmonized university education focused on ethical values and holistic formation of a human being.

1.4 AMUCTA Mission

AMUCTA strives to provide a high quality education, research and public service, promote the pursuit and defence of truth with honesty and transparency, and service with competence and dedication. It also strives to develop a sense of caring for personal and community property and foster an ethical and service-oriented approach in its academic and professional training.

1.5 AMUCTA Core Values

AMUCTA, being an institution of high education established by the Tanzania Episcopal Conference (TEC), strives to uphold and maintain the following core values:

- Service with competence and dedication
- Truth
- Honesty
- Transparency
- Wisdom
- Equality and equity

Students awarded this certificate will be able to provide children with the opportunity for their intellectual, physical, emotional, social, moral and creative development. The teachers equipped with such skills and attitude will create an appropriate learning foundation for young learners, especially those with disabilities, to enable them to practice simple acceptable behaviours and manners, build self-esteem, confidence, as well as the sense of belonging, protection, and optimism, and ultimately to prepare them for primary education.

Similarly, the two groups of learners (Deaf and Blind) will have the opportunity to learn/acquire Tanzanian Sign Language (TSL) and Braille skills, respectively, within the language learning critical age which has a great impact not only as the foundation for basic reading/writing/arithmetic skills, but also on their cognitive, language and positive attitude development.
